

TENT RENTALS
914-592-1200 • www.partylinertentals.com

TENT LAYOUT

Area where the tent will be placed must be cleared of all lawn furniture, toys & pet droppings *before* the tent crew arrives.

We do not move furniture.

Failure to clear the area may result in additional charges.

Be sure you have decided where the tent will be placed.

We cannot move the tent once it is erected.

Be sure to mark sprinkler lines, gas lines and any other underground utility that could be affected by tent stakes!

If you have been sent flags please place one flag in each corner of where you would like the tent to be erected. (If you don't have flags please place some sort of marker) We will do our best to install the tent as close as possible to your selected location.

Certain conditions such as overhead wires, underground pipes, trees & general access may affect where the tent is finally placed.

See example below.

Area is free of furniture and other obstructions.

Tent corners are clearly marked

Please call the office if you have any questions.
